

# Code of Conduct Response Team

We hope you have an inspiring and enjoyable time at WIMSIG 2020. However, if you do encounter any behaviour by participants that you feel is unacceptable and which was not modified when you requested it to stop, please report it to any member of the Response Team. They will listen to what you say and then may request a written signed statement from you.

The Response Team has the authority to speak to the individual(s) about the complaint, and, if necessary, to remove the individual(s) from the conference without refund of registration.
